AHEAD Collection

AHEAD is both a road trip and a lifestyle.
AHEAD is the way to the next adventure.
AHEAD is emotion on 4 wheels – the speed
in front of your eyes and the wind in your hair.
AHEAD is the sound in your ears and the
experience in your head. AHEAD is a Porsche
moment that becomes a unique story –
experiencing roads, discovering places and
meeting people.

The year 2024 is the beginning of a journey
that starts on the West Coast of the USA and
continues in other places. AHEAD combines
special locations and routes with emotional
moments and exciting personalities. At the
same time, the Porsche vehicles are the main
protagonists of each tour, which leads through
the most diverse regions of the world. Whether
across the desert, up into the mountains or
along the coast, we don't drive to get from
A to B. We drive to drive. Welcome to the first
AHEAD road trip.

From Ferry Porsche's favourite colour, Irish Green, to iconic 90s colours like Mint Green and Rubystar, to Lava Orange, the feisty colour of the GT3 RS from the 991 generation. The current models are bringing the past 75 years back to life, which is why this strictly limited and numbered series of posters is being released for company's anniversary, in cooperation with the creative people at ramp. Printed in high quality with an exclusive finish, this colour theory brings typical Porsche dynamics into every home.

Porsche La Marzocco Linea Micra Espresso Machine – Limited Edition

Bring your café home: the limited-edition Porsche La Marzocco Linea Micra espresso machine brings café quality directly to the home. This iconic espresso machine combines design with powerful performance. With its compact design, it offers an impressive range of functions at the highest level. The easy setup and short heat-up times make the portafilter machine the perfect companion for the morning routine. It shines with its stable temperature control, made possible by the dual boiler, the integrated group head and the precise PID control. This technique ensures that the brewing temperature is always perfect, which is reflected in every espresso.

This limited-edition Porsche espresso machine impresses with its iconic design: in the newly launched Porsche vehicle colour Slate Grey Neo, it also offers exclusive Porsche features. Derived from the Drive Mode button, the knobs are made of aluminium with soft touch finishes; the drip tray and the cup tray are inspired by the Porsche GT3 Touring Package, the pressure gauges reflect the Porsche speedometer style. Discreetly placed brandings of Porsche and La Marzocco on the machine and portafilter underline the high-performance partnership and make it the centerpiece of every Porsche fan. The limited edition plate emphasizes the exclusivity of the design.

Functionality and ease of use go hand in hand:

Easy to clean and ready for any occasion. The multi-portafilter is easy to clean and can be easily switched between single spout, double spout and bottomless spout. The replaceable spouts are made of hi-tech resins and thus fulfil one task above all: they do not absorb temperature and thus do not draw it out of the espresso. The mechanical brewing paddle combines timeless design with modern technology, which enables reliable control of espresso extraction. Due to the novel design, the insulated steam wand does not heat up, while at the same time offering excellent steam performance – making milk frothing child's play. The magnetic drip tray is easy to remove and ensures that the work surface always remains clean. With an easily accessible 2-litre water tank, the fixed water connection becomes optional. An additional hot water spout allows the portafilter to be rinsed quickly between shots, and the integrated LED lighting provides a perfect view of the extraction at all times.

Thanks to the La Marzocco Home app, the machine can be reliably controlled from anywhere. The accessory kit comes with portafilter baskets, tamper, milk pitcher and cleaning agent. Limited to 911 pieces.

Scope of delivery accessory kit:

Portafilter, portafilter baskets for 8 g and 17 g (0.3/0.6 oz), single and double spout, stainless steel tamper, cleaning basket, detergent 500 g (17.6 oz), milk pitcher capacity 350 ml (11.8 fl oz).

Model cars

The sporty elegance, the unmistakable silhouette, the athletic look of the wings – these are all features that every Porsche has and individually interprets for their own character. Features that have captivated design lovers and sports car enthusiasts alike for 70 years. In every scale. The model vehicles from Porsche Lifestyle contain just as much attention to detail as every Porsche, whether they're meant for the race track, the road or the desk. The miniatures are the same as their larger counterparts, right down to the wheel rims, and capture the charm of the sports car 1:1 – in the scales 1:43, 1:18 or 1:12.

Loading Options

The new Porsche Design Roadster hardcase trolleys stand for more than just luggage: they are a symbol of luxury.

Available in three original Porsche colours, they feature typical Porsche characteristics down to the smallest detail: The wheel design is modelled on that of the vehicle alloys and the luggage tag in the shape of a Porsche crest is made of genuine leather. All trolleys in the collection are equipped with ball-bearing wheels and a robust but lightweight polycarbonate shell. A double TSA lock and an anti-theft zip ensure that the contents of the suitcase are secure at all times. A real Porsche, as a travelling companion, even off the road.

The loading options serve as a guide. An individual check of the exact equipment of the vehicle is recommended.

718 Cayman S (WLTP): Fuel consumption combined: 10.3 – 10.1 l/100 km; CO₂ emissions combined: 235 – 228 g/km; CO₂ class: G; Status 05/2024
